

CISD Booster for Special Programs 2022-2023 Disbursement Form

The Booster for Special Programs wants to help you! If you need financial support to help with a project, program, conference, equipment or other worthy needs and you've been unable to gain funding from your campus, let us know. You're just three easy steps away from funding! Please submit all requests by April 1st.

Step 1: Complete this form, as detailed as possible.

Step 2: Send a copy to your Principal for approval, signature & to verify campus or PTO funds can't cover the request.

Step 3: After campus approval, please forward to Aaron Heil, Coordinator of Specialized Curriculum and Instruction at aaron.heil@southlakecarroll.edu. Once Mr. Heil approves, he will forward the application to the Boosters.

Your request will be reviewed to make sure we have all the information needed for consideration by the Board. If you need items from more than one vendor, please include separate ordering information for each vendor. You might also pass on additional information you have such as web sites or catalog pages.

Date: _____ Campus: _____
